

Amrinder Pal Singh

Associate Consultant – Infosys Limited

New Delhi, India | sidhuamrinderpal@gmail.com | [linkedin.com/in/amrinderss1/](https://www.linkedin.com/in/amrinderss1/)

Professional Summary

Associate Consultant with 5+ years of experience in Endpoint Management and Enterprise Mobility. Skilled in Microsoft Intune, SCCM (MECM), VMware Workspace ONE (AirWatch), and Active Directory, with expertise in application deployment, patch management, compliance enforcement, and escalation handling. Experienced in troubleshooting endpoint issues and supporting enterprise environments across global regions.

Technical Expertise

Device & Endpoint Management:

- Intune (iOS, Android, Windows), Compliance, App Publishing, Configuration Profiles
- SCCM: Application Deployment, Task Sequences, Co-Management, Logs Analysis
- AirWatch (VMware Workspace ONE): Android MDM/MAM, Application Lifecycle Management, Device Enrollment, Compliance Policy Enforcement, Configuration Profile Deployment
- Patch Management: Feature/Quality Updates, Windows Autopilot

Scripting & Tools:

- PowerShell, Git, ServiceNow (Admin/Dev), Jira, Windows Server, Azure Portal
 - Programming: Java, Python, C++, C#, Web (HTML, CSS, PHP, JavaScript, jQuery, MySQL)
-

Professional Experience

Associate Consultant – Mobility (MDM/MAM) Team | Infosys Limited | Nov 2025 – Present

- Manage devices using VMware Workspace ONE (AirWatch), including enrollment, compliance, and configuration management.
- Deploy enterprise applications and enforce device configuration profiles across managed endpoints.
- Administer compliance policies and support day-to-day MDM operations.
- Troubleshoot mobility-related issues and serve as the primary escalation point for device management incidents.
- Collaborate with client teams to ensure timely resolution of issues and adherence to SLA requirements.

System Engineer – Deployment Team | Tata Consultancy Services (TCS) | Feb 2024 – Oct 2025

- Managed application deployments using SCCM and Microsoft Intune across LATAM and EMEA regions.
- Investigated and resolved deployment failures through log analysis and troubleshooting.
- Implemented Windows Feature Updates and Quality Updates using Intune Update Rings.
- Managed co-management between SCCM and Intune in hybrid environments.
- Troubleshot Active Directory authentication and network-related deployment issues.
- Created SOPs and Knowledge Base articles for recurring issues and operational support.

Assistant System Engineer – Mobility (MDM) Team | Tata Consultancy Services (TCS) | Feb 2023 – Feb 2024

- Published Win32, MSI, and mobility applications globally using Microsoft Intune.
- Handled escalations related to application deployment, compliance, and authentication issues.
- Managed compliance policies and configuration profiles for enterprise devices.
- Documented recurring issues and resolutions for Service Desk reference and operational support.

System Analyst – Level 2 Operations | Tata Consultancy Services (TCS) | Feb 2022 – Feb 2023

- Monitored device compliance, resolved incidents, and managed application assignments.
- Handled Active Directory requests including password resets, permissions, and account unlocks.
- Assisted in troubleshooting network and authentication-related issues for end users.

Graduate Trainee | Tata Consultancy Services (TCS) | Feb 2021 – Feb 2022

- Supported enterprise IT operations and gained hands-on experience with Active Directory and endpoint support.

Software Programmer Intern | ARI Simulation Pvt. Ltd. | Jun 2019 – Aug 2019

- Gained practical exposure to maritime simulation technologies and software engineering practices in a professional environment.
-

Projects

UEM Sentinel — Desktop Administration & Automation Console

Technologies: Python, PySide6, SQLite, REST APIs, Ollama

- Developed a desktop administration tool for VMware Workspace ONE UEM (AirWatch) to monitor and manage endpoint operations.
 - Integrated REST APIs and SQLite for data retrieval and local caching.
 - Implemented natural language queries and reporting capabilities for administrative tasks.
-

Education

- **MCA** – Chandigarh University | 2024
 - **BCA** – GGSIPU, Delhi | 2020
-

Certifications

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle | Jan 2026
 - Oracle Cloud Infrastructure 2025 Foundations Associate – Oracle | Jan 2026
 - Intune with Microsoft Endpoint Manager – Udemy
 - The Complete ServiceNow Developer Course – Udemy
 - Programming in C++ – IIT Bombay
 - Java Programming – IIT Bombay
 - PHP/MySQL Web Technologies – Isaac IT Labs
 - Google Play Store Listing Certificate – Google
 - Microsoft MD-102: Endpoint Administrator Associate (In Progress)
-

Awards & Recognition

- 6x On-the-Spot Awards for outstanding performance & client appreciations (2022–2023)
- Contextual Masters Award – Jan 2024
- Service Commitment Award – Feb 2024
- Client Appreciation Notes (Mar & Oct 2023)
